

CL-72-DN6-R744-TC

Item Number 4687902

High pressure hose for CO2 transcritical applications, connections on both sides 1/4 "SAE

- High pressure resistant hose, working pressure up to static working pressure 160 bar
- Pressed Interlock fittings, according to standard DIN EN ISO 4413

Technical Data

Material	Brass Rubber
Colour	black
Number of Hoses	1
Length	180 cm
Sealing	PTFE
System Connection	1/4" SAE Straight
Device Connection	1/4" SAE
Valve Core Depressor	No
Ball Valve	No
Working Pressure	160 bar
Burst Pressure	800 bar
Diameter	1/4"
Packaging	Blister
